

Housing Authority of the City of Columbia, Missouri

Board Report Staff Memo

To: Board of Commissioners

From: Phil Steinhaus, CEO

Date: May 20, 2014

RE: Affordable Housing Initiative Report for May 2014

The following is the status of Columbia Housing Authority's (CHA) Affordable Housing Initiative which includes activity since the previous Board Report (February 18, 2014). All Affordable Housing Initiative reports and information (current and archived) are on our website at www.ColumbiaHA.com, under "What We Do" / "Affordable Housing Initiative".

Columbia Housing Authority Affordable Housing Initiative 2013 Strategic Plan

The Columbia Housing Authority Affordable Housing Initiative 2013 Strategic Plan was adopted by the CHA Board on June 16, 2013 and the CHA is in the process of implementing the plan.

Renovation of Public Housing – Rental Assistance Demonstration (RAD) Program

- CHA Board approved submitting an application to HUD's Rental Assistance Demonstration (RAD) Program to convert all of the CHA's 719 public housing units to Project Based Vouchers (PBV) at the July 23, 2013 Board meeting (see the July 23 Board Memo and Resolution for details). The RAD application was submitted HUD on July 29, 2013.
- On September 30, the HUD RAD Department issued an award letter as their "Commitment to Enter into a Housing Assistance Payments" (CHAP), thus approving our RAD application for our initial project: 284 total units - 84 downtown units located in the Lincoln, Unity, Worley, Oak, and Hicks neighborhoods, plus Paquin Tower's 200 units.
- On December 16, 2013, the HUD RAD Department issued approval of both our Multi-Phase conversion and our Portfolio Award. In conjunction with the CHAP, these agreements have reserved RAD conversion for all 719 public housing units.
- On December 24, 2013, we were issued an amendment to the CHAP to correct language and inclusions of the original.
- The CHA is applying to the Missouri Housing Development Commission for Low-Income Housing Tax Credits (LIHTC) to complete these renovations.
- The timeframes for the RAD conversion and LIHTC submission are listed in the chart below.

CHA's Public Housing RAD Renovation Phases					
Phase	Public Housing Sites	Type & # of Units	Rehab Level	LIHTC	Submission Date(s)
1	Stuart Parker	84 Townhomes	Major	4%	9-2013
	Paquin Tower	200 High Rise Units	Minor		5-2014
2	Bear Creek	78 Townhomes	Modest	4%	5-2014
3	Oak Towers	147 High Rise Units	Modest	4%	9-2014
4	Bryant Walkway	70 Townhomes	Major	9%	9-2014
5	Providence Walkway	70 Townhomes	Major	9%	9-2015
6	East Park Avenue	70 Townhomes	Major	9%	9-2015

MHDC Low-Income Housing Tax Credit Funding

The Missouri Housing Development Commission (MHDC) met on Friday, March 14, 2014 and announced a second round of 2014 Rental Production 4% Low-Income Housing Tax Credit (LIHTC) funding. Applications for this second round are due May 20, 2014, in which awards should be announced on June 20, 2014.

All indications are that applications for the first round for the 2015 Rental Production LIHTC and HOME funding programs for both the 4% and 9% LIHTCs will be accepted in September 2014 with awards announced in December 2014.

Federal Home Loan Bank of Des Moines - Affordable Housing Program

On February 5, CHA staff met with Mr. Phil Everitt from the Federal Home Loan Bank of Des Moines (FHLB) to learn about the application process for obtaining funding through the FHLB and their "Strong Communities Fund / Affordable Housing Program" (AHP).

On May 15, 2014, the CHA submitted three (3) applications to the FHLB for each of the projects described below. Each funding application requested the maximum funding amount of \$500,000 per housing project. Boone County National Bank served as the member bank that submitted the applications on behalf of the CHA as the project sponsor.

Current Affordable Housing Projects

The CHA has submitted 4% LIHTC applications for the second round of funding for the following affordable housing developments. The CHA has also submitted applications to the Federal Home Loan Bank for each of these projects as noted above.

- **Stuart Parker & Paquin Tower:** Renovation of 284 Public Housing Apartments.

This is the first phase of our Rental Assistance Demonstration (RAD) program conversion. The CHA is applying for LIHTC funds to renovate 284 public housing units which includes major renovation of 84 downtown public housing units located in the Lincoln, Unity, Worley, Oak, and Hicks neighborhoods plus modest improvements to the 200 public housing units in Paquin Tower.

The CHA also submitted an application to the Federal Home Loan Bank of Des Moines for \$500,000.

- **Bear Creek:** Renovation of 76 Public Housing Apartments

This is the second phase of the RAD conversion. Major renovations are proposed for 76 public housing units located on Elleta Boulevard.

The CHA also submitted an application to the Federal Home Loan Bank of Des Moines for \$500,000.

- **Mid-Missouri Veterans Housing Development:** Creation of 25 One-Bedroom Apartments

The CHA submitted an application for 4% LIHTC to create a Campus for Veterans at the site of the Deluxe Inn, 2112 E. Business Loop 70. The CHA has the property under contract through the ND Properties, LLC with an approved assignment of contract option. The deadline to close on the option contract is July 1, 2014.

The CHA also submitted an application to the Federal Home Loan Bank of Des Moines for \$500,000.

The CHA also submitted an application to HUD for 25 HUD-VASH Project-Based housing vouchers to provide a permanent rent subsidy with supportive services from the Truman VA for homeless Veterans to provide on-going operational support for the HUD-VASH apartments.

HUD-VASH (Veterans Affairs Supportive Housing) Project-Based Vouchers

On February 4, 2014 HUD issued a Notice of Funding Availability (NOFA) to competitively award HUD project-based Veterans Affairs Supportive Housing vouchers (HUD-VASH PBVs) to Public Housing Agencies who administer the HUD-VASH program in partnership with their local VA Medical Center

Funding for this PBV assistance program comes from a set-aside from the Consolidated and Further Continuing Appropriations Act, 2013 (Public Law 113-6) enacted March 26, 2013 that provided \$75 million dollars of funding for HUD-VASH vouchers as authorized under section 8 (o)(19) of the United States Housing Act of 1937.

In February 2014, the Columbia Housing Authority, the Harry S. Truman Memorial Veterans' Hospital (Truman VA), and Welcome Home, Inc., formed a partnership to create a campus for Veterans in Columbia to provide housing and supportive services to U.S. Military Veterans. The three partner agencies are proposing to create a campus for Veterans that will include twenty-five (25) one-bedroom apartments for Veterans participating in the Housing and Urban Development- Veterans Affairs Supportive Housing (HUD-VASH) program.

The CHA/Mid-Missouri Veterans Housing building containing the twenty-five (25) one-bedroom apartments will also contain a fitness room, computer lab, and laundry facilities. An adjoining space will contain office and programming space. Energy efficient construction, appliances, and HVAC will be utilized to create an energy efficient building. Utility services will be provided.

The campus for Veterans will also allow Welcome Home, Inc. to expand its current housing capacity for homeless Veterans to twenty-nine (29) temporary shelter beds. The creation of a new Welcome Home facility will allow female Veterans to also receive housing assistance at the campus for Veterans. Welcome Home currently only has housing for only nine (9) male Veterans.

The campus will contain a new Supportive Services Center that will house supportive services staff from Welcome Home and the VA Hospital and include programming space, a commercial kitchen, dining room, lounge area, computer lab, laundry facilities, and a patio.

- **Remaining Public Housing Units:** The renovation of Oak Towers and the remaining 210 Downtown public housing units are being planned in accordance with the RAD conversion chart above.

Other Affordable Housing Development Projects

- **McQuitty Square:** Southwest block of Garth and Sexton - proposed Columbia Community Housing Trust development.

Donated Neighborhood Stabilization Program (NSP) Properties

On July 15, 2013, the Columbia City Council approved the donation of 106, 108 and 110 West Sexton Road to CHA for the purpose of developing McQuitty Square's affordable housing complex. On September 30, 2013, CHA transferred ownership of the properties to the newly formed Columbia Community Housing Trust (CCHT) as the regulations and the objectives of the NSP align well with the framework of the CCHT.

Planning Process

We have tabled our planning process for the McQuitty Square development in order to allow us to focus on our current LIHTC applications. This will allow us more time to create a comprehensive plan for this property.

A preliminary review of storm water and sanitary sewer system issues was initiated with the City of Columbia in 2013. Additional environmental and engineering studies will be conducted in the future by Crocket Engineering to determine how to best address these issues.

Rezoning

We will begin the rezoning process for McQuitty Square in the coming year and submit a Planned Unit Development (PUD) development plan.

Financing

The CHA Affordable Housing Financial Advisory Committee has continued to meet to discuss financing for the McQuitty Square development and other CHA affordable housing projects. The committee is supportive of using the Community Housing Trust model for McQuitty Square. Besides the \$190,000 approved CDBG funds for infrastructure, future financing plans include applying for funding through the Federal Home Loan Bank Affordable Housing Program.

CDBG Funding

The Columbia Community Development Commission recommended and the City Council approved \$190,000 in CDBG funding for McQuitty Square infrastructure improvements in 2014. Funds will be awarded later this summer.

- **Kinney Point Apartments**

In September 2013, the CHA submitted an application for 9% LIHTC funding to MHDC. Unfortunately the project was not recommended for funding. Due to the fact that the 9% LIHTC program is highly competitive and that the CHA is not likely to receive funding for two 9% LIHTC projects in the same round of funding, the CHA is postponing this development until the CHA's public housing renovations can be completed using the RAD program.

Legal Incorporation

The CHA has formed the following not-for-profit corporations for the purpose of utilizing the LIHTC program to renovate our 719 units of Public Housing and create new affordable housing developments.

- Stuart Parker Housing Development Corporation
- Bear Creek Housing Development Corporation
- Mid-Missouri Veterans Housing Development Corporation
- Kinney Point Housing Development Corporation
- Columbia Community Housing Trust

Columbia Community Housing Trust

The September 17, 2013 Board Resolution 2578 approved of the Articles of Incorporation in establishing the “Columbia Community Housing Trust” Corporation. This will serve as the initial step in creating our Community Housing Trust as well as accommodate the Neighborhood Stabilization Program properties donated by the City of Columbia to CHA and possibly McBaine Townhomes.

On December 5, 2013, CHA staff convened a community planning session which included Ms. Rebecca Buford, Executive Director of the Lawrence, KS Community Housing Trust. Ms. Buford presented an overview of the Lawrence Community Housing Trust and its operations and evolution. Discussions also included the use of community housing trusts, housing trust funds, and land banks in developing and preserving affordable housing. The planning session went well and all parties expressed interest in moving forward to utilize these affordable housing tools in our community.

On January 8, 2014, we held a meeting with the interested parties to further discuss the CCHT. Our next task is to develop bylaws and file for 501(c)3 federal tax-exempt status.

McBaine Townhomes

The four-year rental period for these five townhomes has been completed as required by the HOME Rental Production Program. These townhomes can now be converted to homeownership properties and sold to the occupants or other income-eligible families. We have delayed this conversion to homeownership as we wish to further explore the possibilities of including these townhomes in our Columbia Community Housing Trust. The nature of the necessary appraisals and legal descriptions of each townhome will be determined according to the structure of the program utilized. The CCHT would allow the McBaine Townhomes to remain in a housing trust thus ensuring; compliance with HOME regulations, proper long-term maintenance, and owner occupancy.

904 Madison Street & 711 Mikel Street

On March 27, 2013, the City of Columbia transferred the title for the land and properties located at 904 Madison Street and 711 Mikel Street for the purpose maintaining the property as an affordable rental or owner occupied housing. Both of these properties were acquired and renovated through the Neighborhood Stabilization Program and have been rented to income-eligible families with incomes at or below 50% of the Median Family Income. A lease and a set of house rules and policies have been approved by the Board and both homes are now occupied.

107 Pendleton Street & 207 Lynn Street

In April 2014 the CHA acquired a dilapidated house located at 107 Pendleton Street. This structure on this property has been removed and it will be reserved for future affordable housing development.

Also in April 2014, the Columbia Community Housing Trust received a donation of a vacant lot at 207 Lynn Street which will also be reserved for future affordable housing development.
