**Statement of Housing Needs and Strategy for Addressing Housing Needs.**

Housing needs in terms of demand for CHA housing have increased this past year with 1,015 households on the Public Housing & PBV waitlist and 755 HCV Housing Choice Voucher Program waiting list as of September 2022. Of all PBV and HCV waitlist households, 90% have extremely low incomes at or below 30% AMI. CHA opened the HCV waiting list in fall of 2021 and has kept the waitlist open on an on-going basis. 679 households applied for housing during FY 2022 thus far. This represents a 39% increase thus far in HCV applicants from 2021. CHA has experienced a trend in increased demand for housing services due to market pressures and rents continuing to rise. Columbia experienced an average increase in rent of 10% compared to last year. Historical numbers of applicants for the Housing Choice Voucher Program are below:

Number of Housing Choice Voucher Program Applicants							
Year	2008	2010	2012	2015	2018	2021	2022
# Applicants	1,000	1,200	1,500	1,115	931	490	679

The demand for efficiency and one-bedroom housing units remains high with 75% of Public Housing and PBV applicants and 43% of HCV applicants being eligible to receive assistance for this size of housing unit. Most of these 802 Public Housing/PBV and HVC applicants are single person households. The 2020-2024 Consolidated Plan documents a continued high need for affordable housing for low and extremely low-income families, elderly housing, and housing for persons with disabilities. The number of disabled households on the Public Housing and PBV waiting list (199) remains high, representing 25.24% of all applicants. Black/African American households continue to make up a disproportionate number of housing applicants at 62%.

CHA has been working with its local CoC collaborative to assist in meeting increasing demands needs to address homelessness. There are currently 177 households on Boone County’s prioritization list for homeless households. 100 of these households are single adult households. CHA has been working with local partners to accept referrals and get eligible households into housing. CHA also recently completed a housing market study as a part of its Kinney Point project, which identified 1,400 households in CHA’s primary market area that would be eligible and in need of accessing CHA housing. The primary market area consists of central Columbia and more specifically census tracts 2, 7, 9 and 21.

Columbia Housing Authority periodically closes the public housing waiting list and stops filling units in CHA properties slated for renovation under the Rental Assistance Demonstration (RAD) program. The CHA stops filling vacancies at these sites to have sufficient vacant units to relocate families on-site while renovations to their homes are completed. Once properties are renovated, many families are removed from the waiting list to fill the newly renovated units. As a result, the number of families on the CHA Public Housing waiting often does not reflect the number of families typically on our Public Housing & PBV waiting lists.

CHA intends to continue to apply for funding to renovate its remaining 120 units of public housing and to expand its portfolio of affordable housing units. In FY 2022, CHA intends to remove 2 of its waitlist preferences at it pertains to households that are working, and Veterans. CHA is removing these preferences to help encourage Veterans to apply to its VASH program vouchers and to provide housing stability as an initial goal to assist families seeking employment. These changes will also assist CHA staff in moving through the waitlist more efficiently and ensure full utilization of vouchers.
